

Mid-Month Update

To keep our supporters aware of our plans, we have this mid-month update.

Summer is in full swing and so are the members of Lake Edun Foundation.

Last weekend, while **Mike C.** completed refurbishing our shower, **Chuck H.** worked to clear grass growing in our volleyball court. Needless to say, it was a productive weekend and our special place is much better for their efforts. Now, the shower works great once again and the volleyball court is ready for play.

When you see either **Chuck** or **Mike**, please express your appreciation to both.

Coming up, we will have our annual visit from the **Dermatologist** next Saturday afternoon, July 22. Every year, this is an extremely popular and valuable service we offer. While most of us get off with a clean report, occasionally he finds potentially serious issues requiring follow-up with your personal doctor. This is **FREE** for all our members and supporters. Don't miss it.

Two weeks later, on Saturday, August 5, we will host an **Open House** for friends and others interested in learning more about the Lake Edun Foundation. It will last from noon until 2. Later in the afternoon, those interested in **Naturist Photography** can join a presentation by our Camera Guy at 3:30.

For families with children, Chuck H. and one of our NUTs members are working hard to plan a fun and educational **Family Day at the Lake**. It will be a way your children can learn more about nature, naturism and Lake Edun. If you would like to receive an invitation to the event, please email us soon at nude@lakeedun.com.

Thank you for your support of Naturism in the Heartland. Please let us know if there is any way we can provide a better program.
